Biomaterials

NEW GRADUATE PROGRAM

Partner with the Leader in Regenerative Dentistry

LEADING REGENERATION

At Geistlich Biomaterials, we believe that today's students are tomorrow's leading clinicians.

For this reason, we are committed to sharing our long history of scientific discovery and world-class education to support the development of your clinical knowledge and skills.

IN PARTNERSHIP, WE'RE BETTER

Geistlich Biomaterials continues to lead¹ regeneration with its expanding family of predictable, proven and reliable biomaterials. With 160 years of Swiss tradition, Geistlich Biomaterials brings you trusted solutions within the therapeutic areas that will have great impact on your practice. Through innovation, scientific collaboration, and a commitment to successful outcomes, we're building a strong partnership to grow on.

ALL OUR SCIENCE IN YOUR HANDS

Our expanding number of scientific publications is anchored by our long-term collaboration with outstanding researchers from more than 100 universities and validated by leading clinicians around the world. New products are investigated rigorously before being released to the market and our existing products are continually evaluated to ensure successful long-term clinical outcomes.²⁻⁹

In support of this, Geistlich Biomaterials maintains an extensive [Publications Database](#) for you to reference at any time.

To find helpful clinical studies and informational articles, please visit: www.geistlich-na.com

“Geistlich biomaterials have demonstrated their superiority for many years. No other product is as evidence-based.”

– Prof. Dr. Daniel Buser

YOUR FOUNDATION FOR SUCCESS STARTS HERE . . .

We have designed our **Geistlich Biomaterials New Graduate Program** to introduce you to the Geistlich family and have defined two ways to successfully incorporate biomaterials into your practice:

1. OUR PARTNERSHIP STARTS WITH SAVINGS

Graduating residents and students will be provided with an opportunity to make a one-time purchase of Geistlich Biomaterials products at a **40% discount**. These savings are applicable for orders up to \$10,000 and are redeemable for up to six (6) months post-graduation. When placing your first order, you will have the ability to select the products and appropriate quantities to suit your practice.

In addition, we will offer you a 5% discount on all orders placed within the 1st year of your practice!

Finally, you will receive a complimentary starter-kit which will include:

- A copy of the 20 Years of Guided Bone Regeneration in Implant Dentistry textbook, by Prof. Dr. Daniel Buser
- Patient Brochures to support treatment option discussions with your patients:
 - Geistlich Bio-Oss® / Geistlich Bio-Gide®
 - Geistlich Mucograft®
- Enrollment in our monthly e-newsletter: e-gen NEWS, which highlights relevant clinical studies, upcoming educational events and insight into what's new at Geistlich Biomaterials.

2. FOR EXCELLENCE IN EDUCATION: TURN TO THE LEADER IN REGENERATION

We understand that education does not end upon graduation. At Geistlich Biomaterials, we bring you world-class speakers and educational events that create new insights into key therapeutic areas.

We invite you to attend one of our Continuing Educational Programs, utilizing an on-line promo code redeemable for up to \$250.

- To view our upcoming educational courses, please visit: www.geistlich-na.com
- To register, please visit: registration.geistlich-na.com
- Utilize promo code: GRADUATE to redeem your \$250 credit

We believe these CE courses will support you by increasing your knowledge and clinical expertise in regenerative procedures. Our experienced instructors will share their valuable insights in the management of more challenging cases spanning a wide variety of therapeutic areas. Many of our programs include comprehensive hands-on sessions and live patient surgeries to allow you to experience clinical treatment concepts, first hand.

WELCOME TO GEISTLICH BIOMATERIALS

We are looking forward to evolving our partnership and building a successful future together.
