

The Evolution and Challenges of Esthetic Implant Dentistry: Surgical and Prosthodontic Perspectives

Geistlich
Biomaterials

Saturday, June 13, 2015

Registration: 8:00am – 9:00am

Lecture: 9:00am – 3:30pm

University of Cincinnati

231 Albert Sabin Way
Medical Sciences Building
Cincinnati, OH 45267

CE CREDIT HOURS: 6

TUITION: \$249

From securing removable prostheses to replacement of a single tooth, dental implants have provided a means for a higher standard of patient treatment.

Today's patients not only want tooth replacement for function, but also expect an esthetic result that will blend into the remaining structures of teeth soft tissue and the bony contours.

Herein lies the dilemma: how can we place dental implants to support such prostheses from a biomechanical perspective and still meet the patient's esthetic expectations.

This course will address both the surgical and prosthodontic perspectives and necessary treatment planning and communication necessary to bring these treatment modalities to successful completions.

PLEASE REGISTER BY JUNE 5 Visit: registration.geistlich-na.com

SPEAKERS

Peter Moy, DMD

Dr. Moy earned his dental degree at the University of Pittsburgh School of Dental Medicine and his Certificate in Oral and Maxillofacial Surgery at the U.C.L.A. Medical Center Department of Oral and Maxillofacial Surgery. He is currently professor of Clinical Dentistry and Oral and Maxillofacial Surgery at UCLA School of Dentistry. He is a past president of the Academy of Osseointegration and has written and published numerous articles related to implant dentistry and osseointegration, specifically on bone grafting and augmentation procedures for atrophic ridges. He has maintained a private practice in Los Angeles, California since 1982.

Robert Faulkner, DDS

Dr. Faulkner graduated from The Ohio State University in 1980. Following a one year hospital residency, he practiced general dentistry in northwest Ohio until 1990, when he returned to an advanced graduate residency program in prosthodontics at the U.C.L.A. School of Dentistry. Dr. Faulkner received his certificate in prosthodontics in 1992 as well as a certificate in maxillofacial prosthetics in 1993. In addition, he received full training through the U.C.L.A. Implant Center during his three year residency training programs. He has lectured extensively on several aspects of prosthodontics and implant dentistry, both nationally and internationally.

Approved PACE Program
Provider FAGD/MAGD credit.
Approval does not imply acceptance
by a state or provincial board of
dentistry or AGD endorsement.
The current term of approval
extends from 9/1/2014-8/31/2016
Provider ID # 360253

CANCELLATION POLICY You may cancel your registration with 2 weeks advance notice of the course. Before completing your registration, please be certain you will be able to attend the date and time listed.
